## Kisha Brewer

Kisha Brewer, Age 56, works at the Hickory YMCA. Her granddaughters are part of the household. They are Zion, age 16, Jordan, age 15, and Haven, age 13. Kisha describes her family as loving, supportive, and connected through prayer. In their spare time, they enjoy cooking, attending church, and watching movies together.

Kisha and her family recently lost their housing situation, and are currently living at the Family Care Center. This is what led Kisha to discover Habitat Catawba Valley.

She looks forward to one day being able to see her oldest off to college, and, have the security of a home for her to return to. Raising her grandchildren from a place of stability, and watching them become successful, is her priority in life.

Owning her own home, and the sense of security it will bring, will be a welcome change in Kisha's life.
