# Latoya Ramseur Family

Latoya and her 13 year old son, Ny'meir, are currently living with family in Maiden. Latoya is on disability and is unable to work at this time, but she keeps busy helping her relatives by watching their children when they need a hand. Ny'meir currently attends Maiden Middle School as an 8th grader and is already thinking ahead with plans to attend college.

Latoya's family enjoys attending church, playing and watching basketball and just having some good time together as family.

Latoya has been through an unsettling set of circumstances with her health and living situation and now lives with family, paying rent and carrying her weight as part of a larger household.

When Latoya first found out she was accepted as a Habitat homebuyer she says her heart was filled with joy! She said, "I first thanked God and then I shared the good news with my mom and my son." Ny'Meir gets excited about having their own home and is anxious to help his mom with some of her sweat equity.

Latoyoa is amazed that she will be able to have a home of her own, and won't have to worry about moving here and there. It will be a stable, life changing experience. She will get to create a great environment and positive atmosphere for her son. She wants nothing more than to set a good example for him and wants to be a strong role model motivating him in a positive direction every day! Latoya believes having a stable and secure home life will lead to a better future for them both. She is determined to do all she can to make Ny'Meir's dream of college and an awesome future come true.
